

Retirement Transformation continues with 2nd series

Malaysia's Private Pension and Healthcare: Opportunities and Collaborative Strategies Conference 2011

DATE: 26 September 2011(Monday)

VENUE: Sunway Pyramid Convention Centre

TIME: 8.30am - 5.30pm

MALAYSIA'S PRIVATE PENSION AND HEALTHCARE CONFERENCE aims to share, identify, raise awareness, deepen understanding and find **solutions** as well as create new forms of **collaboration** between **key stakeholders** - individuals, healthcare providers, financial institutions, employers and government.

In many countries around the world, a **rapidly ageing population** and rising costs are putting severe pressure on **pension and healthcare systems**. The demographic time bomb is ticking in both developed and less developed countries, including in Malaysia.

Challenges that we face include an inadequate social security system; the **diminishing role** of families in care for the aged; underdeveloped private pension, insurance and investment products; **rising costs** of healthcare and nursing care; lack of quality services for the aged to meet **increasing demand**.

This conference is a continuing series of Retirement Transformation in Malaysia, with the objective of bringing together key stakeholders to discuss the **long-term consequences** of an ageing society and help them to **prepare** for the **challenges and opportunities** ahead.
